Percent of No Prenatal Care in First Trimester: Mother is of Hispanic Origin ^{3,4}	37.0	33.7	43.5
Percent of Births to Mothers Under 18: Mother's Race is White	0.9	1.8	2.9
Percent of Births to Mothers Under 18: Mother's Race is Black	6.2	8.0	6.2
Percent of Births to Mothers Under 18: Mother is of Hispanic Origin ³	5.1	7.2	5.3

Notes

¹ Unless otherwise noted, all data for U.S. is 2006 data only.

² 2005 data only for U.S.

³ Of any race.

⁴ 2004 data only for U.S.

Death rates by cause (and for all causes) are per 100,000 population (except the rate for breast cancer which is per 100,000 females) and are age adjusted to the 2000 standard million U.S. population except the rate for work-related injury which is a crude rate per 100,000 population. Infant death rates are per 1,000 live births for the specified years. Incidence rates are per 100,000 population for the specified years.
